

Constantine is committed to responsible mineral exploration and supporting local jobs and businesses. We are excited about the 2021 summer field season at the Palmer Project, a promising mid-stage mineral exploration project with the potential to become a future high-grade, underground copper-zinc-silver-gold mine. Our field program provides an opportunity for exciting and rewarding teamwork in a professional outdoor environment.

JOB POSTING: CORE CUTTER

Location: Palmer Project – near Haines, Alaska (7 ½ Mile, Porcupine Road); local workers are responsible for their own transportation

Duration: Starting approx. June 1 through early to late September, 2021

JOB RESPONSIBILITIES:

- Use of gas-powered masonry (rock) saw to cut drill core and prepare sample shipments
- Assist geologists and geotechnicians in the flow, transportation and storage of drill core
- All work is camp based

QUALIFICATIONS:

- Ability to repetitively lift and carry 35–50 pounds
- Self-motivated with good attention to detailed procedures, and safety requirements
- Have a proactive, safety-driven mindset. Follow company safety and environmental standards, including COVID-19 mitigation protocols
- No experience necessary; previous use of power tools is an asset
- Must have valid first aid

MINIMUM AGE: 16

HOURS: Generally, 7 AM to 5 PM, schedule varies with drill productivity

RATE: \$175-\$200 per day, commensurate with experience

This position is temporary and seasonal and will be posted until filled. The start date is: as soon as possible.

*Qualified applicants interested in joining our dynamic team are encouraged to submit a cover letter and resume with **Core Cutter** in the subject line of the email to:*
