

Constantine is committed to responsible mineral exploration and supporting local jobs and businesses. We are excited about the 2021 summer field season at the Palmer Project, a promising mid-stage mineral exploration project with the potential to become a future high-grade, underground copper-zinc-silver-gold mine. Our field program provides an opportunity for exciting and rewarding teamwork in a professional outdoor environment.

JOB POSTING: GEOTECHNICIAN

LOCATION: Palmer Project – near Haines, Alaska (7 ½ Mile, Porcupine Road); local workers are responsible for their own transportation

DURATION: Starting approx. June 1 through early to late September, 2021

JOB RESPONSIBILITIES:

- Assist geologists with processing and handling drill core
- Geotechnical work with drill core, including measuring and photographing drill core, and data entry
- Potential to assist with geological, environmental, and geotechnical studies
- All work is camp based

QUALIFICATIONS:

- Ability to repetitively lift and carry 35–50 pounds
- Self-motivated with good attention to detailed procedures, and safety requirements
- No experience necessary; high-school diploma and post-secondary science credits are assets
- Proficient with common computer skills including spreadsheet use, database data entry, and email use
- Have a proactive, safety-driven mindset. Follow company safety and environmental standards, including COVID-19 mitigation protocols
- Must have valid first aid
- Must possess a current valid driver license and an acceptable driving record

MINIMUM AGE: 18

HOURS: Generally, 7 AM to 5 PM, schedule varies with drill productivity

RATE: \$180-\$210 per day), commensurate with experience

This position is temporary, seasonal and open until filled. The start date is: *as soon as possible*.

Qualified applicants interested in joining our dynamic team are encouraged to submit a cover letter and resume with “Geotechnician” in the subject line to:
